

### Description

- Inner screen for increased sound insulation requirements for round duct with 160 mm
- Application e.g. with ventilation systems of type e<sup>2</sup>, ALD, ALD-S AB 30/60, RA 15-60
- Mechanically lockable by touch mechanism
- Colour white (similar to RAL 9016)
- Including washable G2- filter for ALD, ALD-S, ALD-SV and G3-filter for e<sup>2</sup>, AB 30/60 or RA 15-60
- Pollen filter optional
- Increased sound insulation
- Material: plastic

Order No. 039 947

### Installation

The installation is carried out by screwing and doweling the frame onto the inner wall and by insertion into the wall-tube 9/R 160 or 9/R 160-700. The rest of the components are simply plugged onto the screwed frame.

If necessary, wipe the screen with a dry soft cloth.

Please observe the installation instructions and have the devices installed professionally.

### Technical data

Material	Plastic
Colour	White, similar to RAL 9016
Required minimum depth in the round duct	20 mm
Dimensions W x H x D	250 mm x 250 mm x 78 mm

### Note

Products and illustrations may vary slightly. Due to continuous product development and/or several suppliers e.g. for raw materials, colours, among other things, may vary slightly (not for visible parts) or be shown differently in brochures.
